Modern Home

For a tour of the beautifully modern Hoefel home on North Beach read the story in Section Two.

Alvin Genin And Sylvest Moran Selected Board To Check Three Petitions

Alvin Genin and Sylvest Moran have been appointed by the Board of Supervisors to check the signatures of the signers of the petitions for the re-districting of the county.

The number of qualified voters in Hancock County is 1,200.

Two men were nominated for the Board Monday morning. The Board accepted by the four present. Supervisor Seal was still absent.

The action was derived from the action accepted by the Board last Wednesday. The motion called for the hiring of two men to check the petitions presented to the Board Oct. 11, 1954.

Genin and Moran will be assisted by Chancery Clerk A. C. Seal. The supervisors have not yet said on the figures given by the group.

The Board agreed to have the men at the meeting next Monday morning to report on progress they have made.

The petitioners asked the Board for a definite time to be set for checking. But the Board refused. It said it could not say how long the job will take.

Genin works for the Cue Oil Company. Moran is a former deputy sheriff and bookkeeper.

While the petitioners are at the "checkstop" have distributed the petitions calling for the re-districting of the county.

These changes were made to combat the state of the Board Attorney Lucien Seal, who said, he would take the case to court because of the flaws even if there were a percent of the qualified electors signing it.

The report received by the Echo said indicated that signers are being secured for the new petition very rapidly. A spokesman for the group said "It was a momentum every day."

Alvin Weinberg, one of the most respected citizens, died last night on Second Street.

Weinberg was a well-known and well-loved citizen, who worked with the Bay City Drug Company here, and has been ill for many months.

He leaves a wife, Mrs. Laura Weinberg, and three children, Mrs. James St. Joseph, Mrs. Albert Heitzmann, Jr., and Mrs. J. T. McCaleb of St. Louis.

Surviving are a brother, Alvin of New Orleans; and two sisters, Mrs. James St. Joseph, Mrs. Albert Heitzmann, Jr., and Mrs. J. T. McCaleb of St. Louis.

Funeral services were held at the Fahey Funeral Home and Our Lady of the Gulf Catholic Church.

A variety show featuring all professional entertainers will be held at St. Joseph's Parish on Sunday, Nov. 21.

There will be three performances, all during the afternoon.

Board Of Supervisors Purchase Brignac Property As Hospital Site Genin-Noto Land Rejected

Miss Necaise

Services Monday

Funeral services were held in Waveland Monday for Miss Lydia Carrie Necaise, daughter of Mrs. Ida Ladner Necaise and the late Mr. Necaise, who died in Long Beach on Sunday.

Miss Necaise was the sister of Robert, Emile and Thomas J. Necaise.

The funeral took place from the Fahey Funeral home and St. Claire's Catholic Church, with burial in Waveland Cemetery.

Jay Warner

Opens Grocery

Jay Warner, local builder of circus and carnival equipment, announced this week he will open a grocery business on his property at the foot of Carroll Avenue on Highway 90.

The store will be a four day per week business, with Warner using the other days for time to travel as far as Crowley, La., and Texas to do his buying personally.

Days the grocery will be operated are Thursday, Friday, Saturday and until noon on Sunday.

Warner was a grocer here in Bay St. Louis for about four years during World War Two. One of the policies of the grocery will be maximum price of 50 cents a pound for meat, Warner stated.

With him in his store will be Mrs. Warner and the Carter Brothers, who have been working with Warner in his equipment shop.

State Auxiliary

Meet Nov. 20-21

It was announced this week that members of the American Legion Auxiliary here are welcome to attend the annual winter conference of the state organization in Jackson Nov. 20-21.

Also announced was the membership rating of the local auxiliary, which ranks fifth highest in the state.

Dr. Talbot

Dies in Arizona

Dr. Paul Talbot, father of Mrs. E. P. Larroux of this city, died in Tucson, Arizona, last Thursday. Burial services were held in San Marcos, Texas on Monday.

Dr. Talbot was for 32 years an officer in the Louisiana State Medical Society.

Surviving are three daughters, four sisters and five grandchildren.

Gift Boxes

Top Quota

Thirteen gift boxes for the Red Cross "Christmas-on-the-High Seas" project were mailed this week to the San Francisco port of embarkation. It was announced by the Hancock County Chapter, ARC. Minimum quota for this chapter was eight boxes.

These Christmas boxes are collected each year by the American National Red Cross through its local chapters and are distributed to servicemen enroute to overseas assignments on Christmas Day.

Local donors to the project were: Women's Missionary Society of the First Baptist Church, 1; St. Margaret's Daughters and Altar Society of Our Lady of the Gulf Catholic Church, 2; Pere Le Duc Council, Knights of Columbus, 10. Gift wrappings and ribbons were given by Kern's 5 and 10c Store.

Wins Echo Contest

Lionel Bradley of Washington Street is the winner of the Sea Coast Echo football contest this week. Bradley had a total of 18 winners.

HOSPITAL DIRECTOR SPEAKS—Foster Fowler, director of the Mississippi Hospital Commission, tells the board of supervisors of the need for a good hospital in Hancock County.

The Hancock County Board of Supervisors bought the property of Edmund Brignac on Dunbar Ave., as the future site for a new county hospital.

Brignac received \$18,000 for the site.

The transaction was made after a short delay caused by several protesting citizens. Leo Seal led the group.

But the protests were in vain. Johnson Shaw, president of the board, made the motion to buy the Brignac property. It was seconded and adopted.

This action followed a motion by Manny Hubbard to purchase the property of Robert Genin on Carroll Ave. This was set at \$18,400.

But the difference in the size of the lots and the drainage problem prompted the Board to take the Dunbar Ave. site.

Foster Fowler, director of the Mississippi Commission on Hospital Care was present at the board meeting.

He stressed the fact that he and his staff thought Bay St. Louis and Hancock County can support a good hospital.

However, Leo Seal, speaking on behalf of the protesters, said the sights set by the American Legion was too high for the purse strings of Hancock County. The county, he said, "cannot pay for and maintain a 30 bed hospital."

To this statement Fowler replied, "I am not down here to sell you a hospital."

"Other counties would be happy to have your funds. The wide acceptance of the Blue Cross and Blue Shield policies and the anticipated extension of the program here virtually assures the success financially of a new hospital here. The United States Public Health Service and our commission have found that you need and can support this type of hospital here."

John Rutherford, chairman of the Legion's hospital committee said, "Everything Mr. Fowler said is true. It is imperative to have adequate hospital facilities for the continued growth and progress of our community."

He added, "The intentions of the Board to follow through in securing a hospital was advertised 30 days in the local papers and not one person filed a protest."

It appears to me that then when everything was in the formative stage, was the time to protest and not now when it is almost within our grasp."

Supervisor Hubbard showed that with a readjustment of the tax millage the cost and the maintenance of the hospital could be met without raising the taxes of the people.

Gull speaking for the opposition, Seal said he thought it may be a good idea for the American Legion to run the hospital—and finance it too.

This was disregarded by the Board.

But Rutherford heatedly said, "Men like Mr. Seal and a few others in this room protesting the issue can afford to go to New Orleans for hospital care. But what about people like my self who cannot afford this luxury? Where can we go?"

Seal asked the board to delay action on the program to allow more time for study. But the Board refused.

The next step is for engineers to survey the land and submit construction bids.

In addition to Seal, those to speak against the hospital were Horace Kergosien, T.T. Reboul, and Mrs. Jeanette Carmichael.

John Morere

Succumbs Nov. 12

Services were held from the Fahey Funeral Home and Our Lady of the Gulf Church here for John Peter Morere, owner of Pine Haven Real estate. He died on November 12 in Gulfport.

Mr. Morere was the husband of Mrs. Nora Herlihy Morere. Additional survivors are two daughters, Mrs. Guy Lambing of Pensacola and Mrs. Fordie E. Sutherland of Pass Christian; and a son, John Morere of Vermont.

Burial was in Kilm Cemetery.

CHECKER SELECTIONS—Alvin Genin and Sylvest Moran were selected by the board to check the qualification of the signers of the redistricting petitions and to also check the number of qualified voters in the county. The two men began work Monday morning.

Pay For New

Field Lights

The St. Stanislaus Sidelines Club have completely paid for the new lights at the football stadium.

This was announced last night at the regular meeting of the club.

The members immediately decided to take up the project of building a press box above the stands. This idea was accepted with much enthusiasm. Hardin Shattuck, manager of the R. E. A. offered to place the poles in the ground to start the construction of the box free of charge.

The idea of forming a motorcade to attend the Dairy Bowl was also discussed at the meeting. Further plans for this will be made at the meeting next Tuesday night.

Buses will be rented to transport all who wish to go to the Bowl game and do not have or wish to travel in an automobile.

Ben Hille, president of the Sidelines Club asked that "it is necessary for all the people who would like to ride a bus to the game to contact the school and let the school know that they will buy a ticket. This is the only way we can decide correctly on how much bus space would be needed."

Free Join

Guard Here

Corporal James N. Travira, Private Vernon Ladner and Private John R. Peterson were three local young men to join the national guard unit here last week.

Speak In Pass

Postmaster Fred Herlihy of Bay St. Louis and Ted Perry, president of Boys Nation were among the speakers at the annual meeting of the Sixth District, Mississippi Chapter of the National Association of Postmasters Nov. 11 in Pass Christian.

Teen Age

Harvest Ball

November 20

It was announced this week that the teen-age club will hold its Harvest Ball on November 20, with Carol Johnston reigning as queen of the event.

The teen-agers chose Hugo Favre to serve as King of the ball. Others in the court will be Peggy Kergosien, maid of honor; Grady Perkins, Jr., duke of honor; Evelyn Ladner, maid and Barry Bontemps, duke.

Admission will be 75 cents a couple for club members and one dollar a couple for non-members. Stag admission will be one dollar.

Decorations and arrangements for the ball will be under the supervision of Mrs. Barbara Quigley and Mrs. Horace Kergosien.

Legion Drive

For Members

Meets Success

The number of members who have paid dues for 1954 has exceeded the entire membership of 1954, according to a statement this week by Tom L. Bressler, Chairman of the American Legion membership committee here. He said the 1955 membership drive went over the top on Nov. 10.

Bressler expressed confidence that membership in the local Legion Post would reach 350 before the end of the year. "The quota of 350 may appear small to those outside of Veterans Organizations," Bressler said, "but it is almost double the proportionate percentage of the average Legion Post throughout the country."

The high ratio of members of the Legion in Hancock County is in direct relation of the activities of the local post in service to the veterans and to the Community, he concluded.

Sewing Groups

Of Red Cross

Completes Aim

The Red Cross sewing group of the Hancock County Chapter, met in the home of Mrs. Mathilda Johnson on Friday, November 12, when 182 disaster insignia arm bands were turned in.

The group's new project is the making of cloth bedroom slides requested by the hospital for patients in the Biloxi VA Hospital. Materials for part of the project have been donated to the local Red Cross chapter by D. H. Holmes Co., of New Orleans. Additional materials will be needed to make the requested 12 doz. pairs. Anyone desiring to furnish these should contact the Red Cross office.

Workers at Friday's meeting were Mrs. Johnson, Mrs. W. P. Henderson, Mrs. Robbie Acree, Mrs. Charlotte Burns, Mrs. Caroline Woodcock, Mrs. Arthur Chapman, Sr., Mrs. Paula Jenks and Mrs. Karl von Metzradt.

Mary Carver

Services Held

Funeral services were held last week for Mrs. Mary Carver of Star Route, who died Tuesday, Nov. 9 at her home. She was 61.

Mrs. Carver's husband was the late George Carver. Surviving are two daughters, Mrs. Henry Lusich and Mrs. Prentiss Asher, one sister, Mrs. F. F. Cospelich of Gulfport; one brother, Sylvester Favre; nine grandchildren and five great-grandchildren.

Services were held from the Fahey Funeral home, with religious services at Our Lady of the Gulf Catholic Church. Burial was at Cedar Rest Cemetery.

WCSA Meet

Time Changed

The Women's Society of Christian Service Business Meeting will be held at 7 p. m. instead of eight o'clock, as scheduled, because of the PTA meeting at Christ Episcopal Day School.

Guild Plans

Thanksgiving Sale

The annual Thanksgiving Harvest Sale of Christ Episcopal guild will be held Tuesday, Nov. 23, at the Jitney Jungle.

All day ladies of the guild will be on hand with home-made delicacies to help round out the Thanksgiving dinner.

There will be pumpkin, pecan and mince pies, fruit and other cakes, candies and cookies, cranberry relish, spiced pecans, candied grapefruit peel, banana bread and ginger pralines.

All proceeds of the sale will be used to finance needy projects of the church.

CONTRACTOR—Brother Roland, president of St. Stanislaus signs the contract calling for a new football team to participate in the Dairy Bowl, December 2, in Perkinston, Miss.

Stanislaus Romps Over O. L. V. 33 - 0; Bay High Drops Homecoming Game 31 - 12 To Lucedale

MEET NOTRE DAME OF BILOXI IN LAST SEASON GAME FRIDAY

St. Stanislaus celebrated its acceptance of the Dairy Bowl bid with a lopsided 33-0 victory over O.L.V. Friday.

The Rockchaws meet Notre Dame in their last regular season game in Biloxi tomorrow night.

Young, small Billy Rhodes made the stands rock when he bulldozed, twisted and fought his way 53 yards downfield in the game last week. As it turned out this was to be the order of the night.

The Rocks didn't score on the Rhodes run or at any time in the first quarter. But after that they started to roll. They ate up yardage like a hungry man devouring a steak.

The inexperienced youngsters on the Pascagoula team told Rhodes score the first TD on a line plunge from three yards out. Woody Santa Cruz, whose place kicking proved to be an asset to Stanislaus, added the extra point.

The Rocks then capitalized on a bad punt by O.L.V. Santa Cruz, on a draw play up the middle, raced 26 yards for the second score of the game. His placement kick was good.

Shortly after the beginning of the third period Quarterback Dick Fakler faded back as if to pass. But he drew his arm back, tucked the ball to his stomach and swept through the middle of his opponents' line 26 yards for a touchdown. Santa Cruz kicked the point again.

Sophomore Quarterback Ken Artigues took over the play calling and moved Stanislaus down the field again with a well executed offense. James Schoenayder, on an end around handoff from Artigues, moved 16 yards to place the ball with in several feet of paydirt. From there Artigues dove over on a sneak play for six more points. Santa Cruz missed the point after a penalty.

At this point Stanislaus' coach began to substitute freely. With Larry Mathes running the team from the T formation, John Erickson, the light ball back from Yazoo City, broke through the line on an off tackle slant and outmaneuvered the Jackson County boys for a 36 yard scoring run.

This victory made Stanislaus record four wins, three losses and two ties for the season. Coach Farley Day said, "The team played as a unit. The line looked good."

"Friday night we meet Notre Dame. This team has lost only two games. It has a good passing offense with a fine combination."

Mrs. El Foote and Miss Maude Frye were the winners in the Pass Christian Isles golf contest Tuesday afternoon.

Artigues took over the play calling and moved Stanislaus down the field again with a well executed offense. James Schoenayder, on an end around handoff from Artigues, moved 16 yards to place the ball with in several feet of paydirt. From there Artigues dove over on a sneak play for six more points. Mrs. El Foote and Miss Maude Frye were the winners in the Pass Christian Isles golf contest Tuesday afternoon.

Mrs. Foote won the low net event with a 39. Miss Frye took first place honors in the putting contest with a total of 15 putts.

Next week the golf club will stage a selective holes with handicaps and putting contest for the ladies.

The Sunday contest will be a Scotch foursome with a combined handicap.

The semi-finals of the monthly match play event were played during the week with Dorothy David defeating Lolette Wittmann, 3 and 2, and Ann Liversedge defeating Maude Frye, 2 and 1.

The finals will be played some time this week.

Other ladies competing in the Tuesday events were Meredith Airey, Evelyn Federico, Ann Liversedge, Lolette Wittmann, Dorothy David, Mrs. D. O. Hick, Opal Happ and Zell McMath.

The majority of its students as well as its athletes were born and reared here. There, nessesmen who received their diplomas from Stanislaus.

In fact in the words of one of our city officials, "Bay St. Louis and St. Stanislaus have grown up together and it is my wish that they continue to grow."

That is the attitude that should be taken. There should not be any small prejudices against any of the schools in this vicinity.

They all have one sole purpose. That is to give the boys and girls as varied and stable education that is possible, instilling in them principles that will help them in their future lives.

Athletes are treated in the same manner. Football in these schools or any other sports is not the high pressure, mercenary, unscrupulous phase of extra curricular activity that many believe.

They are stressed as a way of life. A wholesome outlet for a youngster. A means to build the body as well as helping raise the intellect.

Every citizen of Bay St. Louis and Hancock County for that matter should realize these points and should be proud that one of its schools were complimented and honored to such an extent to be asked to play

With three wins in one week to its credit, Kiln coach L. C. Ladner predicted another victory when his teams travel to Hattiesburg to meet Sacred Heart.

Larry Ladner was the high scorer in the Pass game. He scored 14 points.

Russell Mitchell and Huey Curet both followed him by one point.

V. Garriga with 17 points had the highest total for St. Joseph. Betty Joyce Necaise continued her scoring leadership, by hitting for an early season high of 38 points.

Mildred Logan led the St. Joseph girls' aggregation with 14.

Coach Ladner said, "Both of the teams looked good. We met some tough opposition Friday night in Sacred Heart, but I think we will win. At least I am hoping so."

Sportsweek

By GREGORY FAVRE

It is common knowledge now that St. Stanislaus is going to the Dairy Bowl. The question is now, what are Bay St. Louis sport fans going to do about it?

Will you lend your support? Will you travel the short distance to cheer the home town boys on to victory? Will you take this as a civic concern or just brush it away as another game played by Stanislaus?

Though the school is private, it owned and tutored it represents Bay St. Louis. The 100 year old institution is a part of this community.

The majority of its students as well as its athletes were born and reared here. There, nessesmen who received their diplomas from Stanislaus.

In fact in the words of one of our city officials, "Bay St. Louis and St. Stanislaus have grown up together and it is my wish that they continue to grow."

In a post season classic.

This is indeed an honor. An honor that is worth praising. The Dairy Bowl committee could have chosen any number of teams. But, it came to Bay St. Louis, and asked one of our preparatory academies to play.

So let's show these people, who have faith and a conviction of their judgment, that we appreciate it.

Let's all make plans to attend the Dairy Bowl. No matter what school you are connected with, where you are originally from, follow the team.

Show the boys that you are behind them. It goes a long way with them as well as the organizers of the game.

The proceeds will be put to a worthy and useful cause. A toy and doll fund in Stone County.

So if you are one of the spectators, you are killing two birds with one stone.

Supporting the home team as well as giving some child a happier Christmas.

If and when any of the players of Bay High or Stanislaus go on to greater heights in the sports world, the name of Bay St. Louis will follow that individual.

These youths are our outstanding weapon for a better tomorrow. So let youth be served. Let us start now by promoting them whenever they are at home or away.

This column is a firm believer in the power of suggestion. So here is one we hope will follow that trend.

Why not have an organization such as the American Legion, which has proved itself as one of the major leaders in this county, form a motorcade to travel to Perkinston on Dec. 2, to attend the game as the representatives of Bay St. Louis.

We are sure that the Legion haven't had time to find out who got some ducks or who didn't, but we do know there were a lot out after them.

So we ask that this idea be given considerable thought and that everyone decides to go to the Dairy Bowl.

Laurent Kergosien and his son Aimes were busy as bees over the weekend making a blind up in one of the lakes up Jordan River - another annual affair.

John Mollere reports that he has been getting his share of game since the seasons opened. He is also busy training a bird dog at present. John is an expert at fishing and hunting and fishing.

Jerome Carver seems to have gone back to one of his old hobbies. He has been telling his friends how he has been catching those big specks. He never caught so many at one time, he says.

There was plenty of banging going on after 12 o'clock Wednesday with the opening of the duck season in Mississippi haven't had time to find out who got some ducks or who didn't, but we do know there were a lot out after them.

So we ask that this idea be given considerable thought and that everyone decides to go to the Dairy Bowl.

Academy of Bay St. Louis.

The girls' final game had the fans standing throughout the entire last period. It was close until the final whistle.

With one second remaining on the clock Janet Genin, center for St. Joseph, made a desperation shot near the half court line. The ball bounced against the backboard and the Gold Gay supporters moaned.

High scorers in this contest were Betty Joyce Necaise for Kiln with 16 points and Carolyn Ladner for St. Joseph with a total of 15.

The girls' game with the Pass Christian private school was a higher scoring affair but not as close. Kiln won 52-44.

Betty Necaise, Janice Fay Lee led the scoring parade in this game. They each tallied 23 points. Mildred Logan the leading scorer on last year's St. Joseph's team, was high scorer of the tournament with 32 points.

GKlin boys won easy. The entire first string sat on the bench for the second half of the ball game with St. Joseph boys.

Russell Mitchell was credited with 20 points during the short time he played.

Dole Hoda led the unsuccessful attempt of the Harrison County quintet. He sank four field goals and one foul shot for a total of 9 points.

The winners in both classes received a gold trophy from L. C. Ladner, superintendent and coach of Kiln High.

Each member of the runnerup teams were awarded a gold basketball.

Ladner said, "I thought we had a very good turnout for the tournament. I was well pleased."

There was plenty of banging going on after 12 o'clock Wednesday with the opening of the duck season in Mississippi haven't had time to find out who got some ducks or who didn't, but we do know there were a lot out after them.

So we ask that this idea be given considerable thought and that everyone decides to go to the Dairy Bowl.

Laurent Kergosien and his son Aimes were busy as bees over the weekend making a blind up in one of the lakes up Jordan River - another annual affair.

John Mollere reports that he has been getting his share of game since the seasons opened. He is also busy training a bird dog at present. John is an expert at fishing and hunting and fishing.

Jerome Carver seems to have gone back to one of his old hobbies. He has been telling his friends how he has been catching those big specks. He never caught so many at one time, he says.

OPPONENTS SPEED LARGEST IN DEFEAT; MEET PICAYUNE FRIDAY

When Lucedale visited Bay High last Friday for the latter's homecoming game, it brought the fastest backfield to play in the Stanislaus stadium this year.

After the game Lucedale returned home with a 31-12 victory added to its DeSoto Conference record.

Those speed merchants raced back and forth over the gridiron like Native Danvers did down the stretch run with Cajun Eric Guerin booting him home.

Tomorrow night Bay High will be trying to bounce back from this defeat against a strong Picayune squad, fresh from a 19-6 win over Moss Point.

Last week the Tigers outplayed Lucedale in the first half but collapsed completely in the third and fourth quarters.

The first time Bay High had possession of the ball fullback Hugo Favre found a wide hole and drove off his left tackle for a 55 yard gain to the Lucedale 6 yard line.

After being held a couple of downs Favre scored on the identical play.

Clayton Adams' kick was blocked.

The Tigers kicked off and its opponents on a succession

Some TV Lessons

You could learn a lot in just a couple of hours on television Tuesday night.

For example, there was the news broadcast, and the discredited Sen. McCarthy duelling with Sen. Watkins.

Sen. Watkins answered one question to Mr. McCarthy's displeasure, and McCarthy immediately launched into a long speech saying, "This is no laughing matter. Our boys died in Korea."

Now in the old days, before television, a demagogue like McCarthy would have put over his malicious point. He would have been quoted in the newspapers as saying, "This is no laughing matter. Naturally, everyone will assume that Sen. Watkins laughed."

But good old television will save us from these vicious demagogues. Because anyone who saw the scene knew that Sen. Watkins did not laugh. He was talking very seriously.

And so once again McCarthy was exposed as a fraud, pretending to be saving the American people from Communism when actually he has never exposed a single communist not already known to the government. As a matter of fact, during the hearing Tuesday it was brought out that McCarthy was asking for information he already had in his files. It has been in the files since June. But it didn't make pretty headlines in the files. So old Joe had to call a hearing.

Then there was a lesson in TV, coming in a play, "State of the Union."

In it a business man is induced to run for president. He thinks he can run on his ideals - by telling people the truth. But he finds that politicians don't work that way. Politicians play to special groups, promising one thing for one group and another thing for the other group. They don't care about anything except being elected.

Now there's something we can really understand, because we're in the midst of this same thing in Hancock County.

On one side we have the citizens, innocent and full of ideals, who think the truth and the law is all they need.

On the other side we have some hard politicians who don't care what trick they pull to stay in office. One had the nerve to try to paint this re-discovering matter as a religious fight. It was a pretty low trick to attempt. But, luckily, the man he tried to bamboozle was a little more educated and sophisticated than he and didn't fall for the foolishness.

Actually, this noble character hurt his own cause by telling such an outrageous lie. But had he been dealing with less knowing people his stunt might have worked.

Letters To The Editor

Dear Editor:

After being asked numerous times, "Why are you so vitally interested in all this political mess," I thought I would write you my reasons so that all those interested might know.

I have a 19 year old son whose schooling has been interrupted, he is away from home, family and friends because he feels a loyalty to his country and has joined the U. S. Marine Corps. He is being taught to fight—fight other women's sons should the occasion arise to defend our democracy, something we in Hancock County do not have.

Anyone who is familiar with the way our local County Government is being run can not have a clear conscience if they send their sons, brothers and fathers to do something away from home, we at home are too complacent or disinterested to try to correct.

Millions of dollars—yours and mine—are being spent to teach other peoples of other nations how democracy works, when right here at home, Hancock County, the attitude of our elected governing officials is anything but democratic.

How long can we go on fooling ourselves into believing we are being noble when we send our men thousands of miles from home to be killed or maimed fighting against something we at home will not fight, but have in our own back yards.

Could it be that your sons and my sons and our families will have to continue to be prepared to fight some "ism" because somewhere else in this wonderful world, there have been indolent and disinterested people exploited by those who have lust for power and wealth?

Julia W. Loup

Mrs. Katz Club Speaker

Mrs. Jessie Katz, an authority on camellias, was guest speaker at the monthly meeting of the Bay-Waveland Garden Club Thursday. Hostess was Mrs. Dan Russell of deMont-luzin Ave.

Mrs. Katz, of Covington, La., brought a number of outstanding blooms from her garden with her to show during her talk.

Members winning ribbons for their plants brought to this meeting were Mrs. A. E. Voight, blue; Mrs. C. Newton, red; Mrs. C. E. Ripple, yellow.

Mrs. H. A. Thompson won in the wild arrangement class. Mrs. Walter Hava took the blue ribbon for horticulture and Mrs. C. Newton the red.

Pass Christian News

By LUCILLE KOVACE

Mr. C. Phillip Wimberly administrator of the new Gulfport-Harrison County Hospital, addressed the meeting of the Pass Christian Lions Club last Thursday night with a report on the facilities of the new building. The patients were scheduled to be moved from the old hospital, housed in Navy Buildings, beginning at 8:00 a. m. the following morning, and it was estimated that all 64 would be moved in less than three hours. The new building can take care of 132 patients in its five floors but provisions have been made for increased facilities.

On other business, the Lions Club set November 27th, a Saturday, as the time for the Annual Broom sale. Lion members will be out on the streets with brooms and mops of all shapes and sizes for the benefit of the blind workers who make them.

It is hoped that all residents of the Pass will use this opportunity to renew their own brooms as well as buy small articles for Christmas gifts.

Bosarge's Band from Biloxi has been secured to play at the Lions Club Dance being held this Saturday, November 20th, at the Community Building. The dance, a monthly affair for the purpose of raising funds to complete the painting and furnishing of the Teen Age Center, is expected to draw both youngsters and adults from the Pass. Refreshments will be on sale.

On Saturday, Nov. 13, the Lions from the Pass joined those of a newly-formed Club in Long Beach for a charter night celebration. The Pass club was a sponsor for the organization of the new club.

The Pass Chamber of Commerce held its regular monthly meeting on Thursday, November 11, and made plans to invite speakers to the next meeting to get full information on the proposed Beach Causeway. Some question was raised about why Cat Island was not included in the project. It was thought that more education was needed for the voters so that sectionalism would not develop to defeat the Dec. 21 authorization vote. Criticism was also voiced regarding the new code folders issued by the BAWI which do not include either Pass Christian or Ocean Springs on their maps.

The first November meeting of the Omicron Chapter of Beta Sigma Phi was held in the Chapter room of the community Building with Mrs. W. S. Landingham, president, presiding.

at the meeting. Mrs. Carrie Allen, proprietor of a local dress shop, presented a talk on "The Art of Dress," which was very well received. In other business, Mrs. Marguerite Kalff was welcomed as a transfer member from Phi Chapter at Gulfport. Following the meeting, the Chapter adjourned to Gulf Palms for refreshments.

Accidental death came to Frank Daley, Jr. last Tuesday morning, when his clothing caught in a moving chain in the engine room of the shrimp trawler, Janet Louise, owned by his father. The 18-year-old boy had gone below to turn on pumping machinery while his father remained on deck and could not hear his outcry above the noise of the engine. Death apparently came instantly. Members of the fishing community served as coroners jurors. Unguarded machinery aboard fishing boats has accounted for many accidents in the past when men have lost hands and arms in similar snagging of clothing. Frank is survived by two brothers and a sister, besides his parents.

Infant Son Of Ashers Dies

Burial services were held Sunday in Lakeshore for John David, the infant son of Mr. and Mrs. Vladimir Fusich. The baby was born on Nov. 8th and died Saturday in New Orleans.

The mother is the former Miss Jean Asher.

Hofelds Move Into Unique And Modern "Made To Order" Home On North Beach

ago a Mr. and Mrs. Hofeld, who had to the Bay off and were children, with the idea of small town.

traffic piled up behind the car and its waiting occupants. No one even honked a horn. Eventually the gentleman returned and drove off.

combination cottage and office located just beyond the yacht club area on North beach. Now, on the same property with Mr. Hofeld's office, they have occupied, with the valued assistance of architect Leonard Spangenberg, an unusual new and modern home which never fails to attract the eye of passersby, even as it has done since it was first begun.

The compact structure, with its cantilevered balcony and carport, overlooking a small pond in the yard and, beyond, the expanse of Bay water, is built for this couple alone. Their individual tastes and their property, and their way of life have all been into consideration.

Materials outstanding in the house are the exterior western cedar shingles, and concrete blocks, the interior California redwood for walls and the heart of pine for the flooring. There are wide expanses of plate glass throughout. If there is a breeze in the hot weather months, the

Hofelds get it. In winter the northern side of the house takes the buffeting, aided by the solid bank of concrete, little broken by doors or windows.

The house contains a combination living dining room, kitchen, hallway, bath, and two bedrooms. The balcony is open and runs along two sides of the house. The pond, well stocked with fish, was made in order that the soil might be used to fill a low spot in the yard.

The front entrance is into the hallway. The first impression is of low ceilings, since around the edge of the ceiling throughout the house is built a lighting deck. This ingenious device is punctuated at the needed intervals with small open squares into which are built outlets for bulbs. When lighted these "boxes" give direct glow of the so-called recessed lighting type.

To one side, at the point where the chimney wall meets the roof space has been left for a plant box, directly beneath a skylight. Pipes were placed in the wall allowing the plant to be watered and drained without any trouble.

For additional strength, as well as beauty, the heart of pine flooring was placed diagonally across all the rooms. Thus the flooring runs from corner to corner, instead of the usual wall to wall.

A compact functional kitchen was built in the center of the house - near the dining area - because the Hofelds found that every time they have guests everybody always winds up in the kitchen and this is very inconvenient when the kitchen is at the back.

Flooring in the kitchen is linoleum, in green. An exhaust fan over the stove wicks away the heat and kitchen odors. Cabinets are of Philippine mahogany, built by local labor. Cabinet doors are held by magnetic catches.

An especially pretty feature of the bedroom is the built-in dresser and mirror. Mrs. Hofeld said her built-in's are such a pleasure, she probably would have made all the furniture built-in if it were practical.

Light is provided otherwise throughout the house with table lamps at night and with the wide expanses of windows and four skylights in the day time. All light switches are completely silent. And all fixtures in the house are brass.

Entrance to the kitchen - with the inevitable armload of groceries - can be made from all sides, without going through the living room.

There are decorating ideas galore, architects effective planning and excellent workmanship which cannot be mentioned in a few words. Indeed, the Hofelds themselves have begun to appreciate the many values of their new residence.

The low ceiling idea disappears when one steps into the living room, which has a spaciousness, belied by the actual floor footage. This is particularly achieved by having the ceiling follow the contours of the roof. The ceiling incidentally is of mitered redwood, with the narrow steel roof support painted gray and exposed to the eye.

One wall of the hall has been turned over to storage closets. This is the north side of the house, incidentally, and the combination of concrete wall and solid bank of closets is a handy display of man's talent for battling the elements.

It is, however, a place its owners, builders and even its sidewalk superintendents thoroughly enjoyed bringing into being. They view it with warm satisfaction every day.

New Yorker Deluxe St. Regis

ANNOUNCING CHRYSLER FOR 1955 WITH THE 100-MILLION-DOLLAR LOOK

It's HAPPENED! Here's a wholly new direction in automotive styling for all cars to follow. And it took Chrysler for 1955 to do it: America's top performer and the first in the coming generation of motorcars! Come see it! Everything about it is completely new, and dramatically different. Here's the car with the 100-Million-Dollar Look... and when you own it and drive it, you'll feel like every million of it!

Purposeful as an arrow shot from a bow! New front-end... you can spot it a mile away! New Super-Scenic sweptback windshield... with corner posts that slant back to allow safest possible vision. New tapered rear deck. New sweeping silhouette that's inches lower than other big cars. New Twin-Tower tail-lights that say "Stop!" with great authority. New PowerFlite Range-Selector on the dash that completely outmoded conventional levers on the steering column. And new fashion-forward interiors that surpass in color and richness anything you've ever

seen in any but custom-built motor cars! Come drive it! Every Chrysler is now a V-8 - with engines up to 250 HP, the most powerful type in the world. Famous Chrysler engineering brings you PowerFlite, most automatic of all no-clutch transmissions. Full-Time Coaxial Power Steering and new double-width pedal Power Brakes. Plus new tubeless tires! Everything is here you need... to drive, as well as look, ahead or all others. Come see America's most smartly different cars today. See for yourself why now, more than ever, the power of leadership is yours in a Chrysler.

It's true

THE FIRST THANKSGIVING MENU included game, seafood, vegetables and beer. The Pilgrim feasters enjoyed turkey as we do today, and certainly beer—because one account of the times says, "beer was all but the universal beverage."

TOTAL SALES OF BEER IN FOOD STORES is third largest among all beverages—nearly 4 times greater than sales of soda pop—and topped only by coffee and milk.

Two health products result from brewing: (1) Grains enriched by the brewing process are important sources of protein for cattle and poultry feed. (2) Brewer's yeast is the richest natural source of vitamin B complex for people and animals.

IT'S TRUE... that beer carries a higher tax load in Mississippi than it does in any other state in the nation. Largely through increasing public acceptance of legally regulated beer as the beverage of moderation—beer has grown to be the fourth largest taxpayer in the Magnolia State.

COASTING

By ANNE ORLEANS

Have you ever been in the Great Smoky Mountains in the fall? If not, Loula and Tony Spence are ready to tell you of their wonderful two weeks vacation from which they returned last Friday. They drove up by way of Birmingham to pick up Jettie and Sam Hutchinson, Loula's sister and brother-in-law. They stopped over at Look Out Mountain, Tennessee, also a lovely place at this time of year. Their base of operations was the Mountain View Hotel in Gatlinburg, Tenn., which serves some of the very best food you ever tasted. Gatlinburg is famous for its crafts; weaving and whittling and carving are the principal ones. When the weather is nice, the women put their looms out in the open and you see them making the towel scarfs, material for purses and other colorful and attractive gifts. One of the favorite subjects for the carvers is a reproduction of Audubon's turkey. Driving was a pleasure as the U.S. Government has built fine roads all through the Great Smoky National Park. Loula says the coloring of the trees can only be described by a poet and when it snowed just before they left it was a beautiful picture to see the tops of the mountains covered with snow and seemingly resting on scarlet and gold and green of the trees.

Review Of Progressive Business, Professional And Minded People Of Gulfport And Adjacent Coast Terr

This Department Has Been Compiled, Edited and Arranged as a Reflection of Public Opinion By Ralph Voorhees, Jr., As He Saw Conditions. These People Are All Leaders in their Various Lines of Endeavor, and the Cooperation of the many Citizens of Gulfport who helped to make the Department Possible is Appreciated.

THELMA LEFEVE

It is not only the men of the city who contribute to its progressiveness, but it's women as well. And of these women one who is deserving of recognition is the friendly, likeable, Mrs. Thelma Lefevé of the Vogue Beauty Shop who was born here in our community of Bay St. Louis.

Mrs. Lefevé is one of those women who has given much towards the development of Gulfport and vicinity. She has turned her personal success in the business field to the advantage of the people as a whole and has accomplished much towards making her city a better place in which to live.

Mrs. Lefevé's thorough knowledge of every phase of the Beauty operators business has raised her to a position of leadership in her field of activities and gained for her recognition as one of the city's more progressive business women.

We congratulate Thelma Lefevé in this review of public spirited business men and women and wish to offer her this small evidence of public esteem.

RICHARD B. BROWN

Gulfport has attained a prominent position in the business and rural life of this section of the state because of the foresight of those men who had the ability to envision the possibilities of the community and the trade area it serves. And a wide-awake, progressive business man who justly should be included in this category is Mr. Richard B. Brown of the Brown Sporting Goods Store.

Such men have, many times over, proven their worth to the community, both as business men and active workers in the civic betterment and progress of the city. And Mr. Brown has earned the good will and respect of his fellow citizens for contributing his bit to the general welfare of the city and the people as a whole.

It is our duty to include Richard Brown in that group of progressive and civic-minded people who have done much for Gulfport and to express the wish that he will continue for many years to forge ahead with the success which he has enjoyed in the past.

W. F. HOLDER

Because this is a period of growth and expansion for Gulfport, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are glad therefore to pay tribute to W. F. Holder of the Commercial Finance Co.

Holder's persistent optimism and steadfast belief in the continued future and prosperity of the people of Gulfport and vicinity are characteristics which are deserving of our highest praise.

W. F. Holder also has always shown a willingness to do his part in one form or another to projects promoted for the welfare of his city. We believe that a businessman of this kind is entitled to our sincere praise, both because of his high quality service and his willingness to contribute to the public good.

H. C. THOMPSON

Gulfport and this area are indebted to many citizens who have been active in the rapid progress of the city and who have assisted in making it one of the up-and-coming cities in this area. In telling you about some of the men it is our duty to include Mr. H. C. Thompson of the H. T. Cottam Company.

He is entitled to a great deal of credit for his success in both business and civic activities. Thompson deserves a great deal of praise and these few comments are but a just recognition for the many fine things he has done in behalf of the general welfare of Gulfport and the surrounding area.

The honest and successful conduct of his business is but a reflection of his character. We sincerely hope that H. C. Thompson will continue to serve Gulfport for many more years.

HORACE E. DEAR

Mr. Horace E. Dear of the Horace E. Dear Transfer Co. in Gulfport has proved his progressiveness by constantly adding to and increasing the service which his transfer business has rendered to the public.

The large volume of business handled by this company proves that service to him is not just a word but something to be extended to the people to the fullest extent of his ability.

And in addition to his close attention to business affairs Mr. Dear was never a man to shirk his civic responsibilities.

He fully appreciates the value of good will and has more than his share of that intangible commodity because of the manner in which he meets both his business and civic obligations.

Horace Dear has many friends in and around Gulfport and it is a great pleasure to bring him before our readers in this review of progressive business men. We sincerely wish for him as much success in the future as he already has accomplished in the past.

C. L. BULLOCK

Recognized as an authority on jewelry, Mr. C. L. Bullock well known jeweler of Gulfport, has turned his knowledge to the advantage of the people of Gulfport and vicinity. More than that Mr. Bullock is a man who has always been vitally interested in the civic betterment and progress of the city. backed up his interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole.

He has always been alert to the many opportunities for service and more than ready to recognize and accept his share of civic responsibility. Because of these things Charles Bullock has become accepted as a progressive business and civic life of the city and we trust he will continue for many years to serve the people of his city and the surrounding area in his present capacity.

EARL A. OWEN

In paying tribute to some of the more progressive business and professional men of Gulfport we would be remiss in our duty should we fail to include Mr. Earl A. Owen of the Yellow Cab Co., and Coast Cities U-Drive-It Service.

Mr. Owen is also a man who has contributed generously to the welfare of Gulfport and the community for many miles around. His civic spirit and energy is evident by the many services he has performed and continues to perform in the interest of the people as a whole. No worth while enterprise which promises to benefit the community as a whole escapes his attention.

Earl Owen is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are a credit to his inherent sense of fair play. A community is fortunate to number among its citizens a man of his type.

FORBUS C. AND METRO S. BOND

Messrs. Forbus C. and Metro S. Bond of Bond Bros. Pan-Am Service Station are two of those progressive types of citizens upon whom the community depends a great deal for leadership in business and other matters. They have, in the past, and no doubt will continue in the future to give more of their share of time and energy for the welfare of others than themselves. They are the kind of people who make friends. And friendships once formed by them are never broken by an unfriendly act on their part.

However, they proceed in a calm, unostentatious manner and accomplish their objective with a quiet dignity.

We do not hesitate to recommend Forbus and Metro Bond to our friends as good examples of the more progressive type of business people who are aiding in the growth and development of Gulfport, and the surrounding country.

J. F. BOARDMAN

As we review those qualities which make a man or woman worthy of the approbation of his fellow citizens, we see that honesty, skill in his chosen field and general business ability are the characteristics which set a person above the average man.

Certainly Mr. J. F. Boardman of the Coast Materials Company possesses all of these qualities and more. He has made it easy for all of Gulfport to observe these characteristics as he goes about his daily routine.

But Mr. Boardman applies these abilities to more than his own personal business. He demonstrates them in his activities in behalf of his fellow townpeople. Any civic project which he considers worth while finds him among its workers.

J. F. Boardman has long been one of Gulfport's well known business men. We thought it time that we brought him to your attention in this well-deserved recognition. We offer him our congratulations and very best wishes for continued success.

MRS. ERVIN M. CARR

It is not only the men of a city who contribute to its progressiveness, but its women as well. And of those women who have made Gulfport prosper and grow none is more deserving of recognition than Mrs. Ervin M. Carr of Carr's Secretarial Service.

Mrs. Carr has an unusually keen sense of public duty, although we doubt that she considers most of her civic projects "duties." It is easy to see that she gets a great deal of personal pleasure and satisfaction out of her contacts with others of the community as she works and plans for the betterment of the city and the welfare of the entire area. Her energy is amazing and her enthusiasm unlimited.

Her smile is just plain magnetic and because of her sincerity she has been known to enlist the help of others who might not have joined in some city-wide project.

Since we are devoting space in this edition to honoring leading people of this area, we have told you a little about Mrs. Ervin Carr.

MRS. M. J. AGUR

It is always a pleasure to bring to the attention of the public a man or woman who has not received much recognition for his or her achievements. It is a special pleasure to tell you about Mrs. M. J. Agur of the M. J. Agur Real Estate Agency.

Those who know her well are familiar with her fine business reputation and success and with her many efforts to serve her clientele faithfully and successfully.

Mrs. Agur is just naturally a modest person and has tried to keep herself in the background, but we think it time that those of you who do not know her have a chance to do so through this little article. Those with whom she has been associated in business activities are aware of her unusual ability and her wonderful personality.

Mrs. M. J. Agur we want you to know that we are proud of you and that, even though we have been slow in honoring you, we have been slow in honoring you. We have been slow in honoring you, we have been slow in honoring you.

O. H. BOB BURNS

One of the better informed insurance executives of Gulfport is Mr. O. H. "Bob" Burns of the Burns Mutual Insurance Agency. He has been performing an essential service for the people of this district over a period of time and during that time he has made a great many friends for himself and for the companies his agency represents.

Mr. Burns has also contributed considerable of his time and energy to the growth and progress of Gulfport and this district and has been content to take his reward in the quiet knowledge of a work well done and the respect and admiration of his friends.

The value of such a man to his city and the surrounding territory cannot be over estimated. We congratulate "Bob" Burns on his splendid record and wish for him a continued successful career as a leader in the insurance field in this district.

W. A. BURGE AND DOYLE CRAIN

In giving credit where credit is due to some of those progressive business men and women of Gulfport who, in some manner, or other have contributed their share to improve both business and civic conditions, we would like to say a few words of praise about Messrs. W. A. Burge and Doyle CRAIN of Burge and CRAIN Motors, Inc.

Burge and CRAIN have set a standard for themselves and the operation of their business that, under existing conditions, has been difficult to maintain. However, that they have done so is proved by the large volume of business which the Burge and CRAIN Motors, Inc., continues to handle, much of which is due to their unceasing attention to detail, and their ability to cope with new and unexpected problems.

These two men are also civic minded and have, when asked, cheerfully cooperated on those civic activities to which they have been able to lend assistance.

G. C. MULLEN

The progress of any community hinges to a great extent upon the activities of the more progressive men in the world of business. This is as true in this locality as in any other sector and local leaders are thus to be congratulated for their part in the general advancement of the area's status. And a progressive business man who should thus be congratulated is Mr. G. C. Mullen of the Alamo Plaza Hotel Courts, who is widely known and universally liked.

Few men have so clearly shown the success possible through the tireless effort and fine contact with the public. He fully deserves that success for which he has worked so hard.

The attainments of Mullen clearly illustrates the merits of ability grounded in experience and coupled with the added asset of a pleasing and sincere personality.

We compliment G. C. Mullen for the successful management of his business and hope he will have many more years of continued success.

LLOYD E. CHANGNON

Mr. Lloyd E. Changnon of the State Farm Insurance Co., is another of the citizens who has helped Gulfport reach a prominent place among the progressive cities in this part of the state. Although he has long been known to many as an exceptionally able and successful business man, he always has been and is still reluctant to accept any recognition for his splendid record in the business world and civic affairs.

Changnon has become one of the leading insurance executives in this district.

But we feel the time has come to give Lloyd Changnon the public recognition he deserves, even though we know that he will deny that he is deserving of it. His modesty is not assumed. He is so accustomed to doing his share, and more, in making the city progress that it has never occurred to him that he is doing something special. However we want him to know that all in Gulfport are aware of his efforts and appreciate the manner in which he has served.

J. F. AND R. P. COX

In every community there are a number of citizens who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well-known business men of Gulfport, who belong in this category are J. F. and R. P. Cox of the Anchor Supply Co.

Their leadership in their line of business is recognized in this entire district. And their furtherance of civic activities and support of those organizations, whose main objective are directed along lines of civic betterment, is well known to their immediate associates.

J. F. and R. P. Cox are men who are equally liked and respected by their intimate friends, their associates and their employees. They are loyal to the community, and for their success in business

and have shown their appreciation by their contributions to various civic movements.

We congratulate the Coxes and their associates for being good citizens, progressive business men and boosters of their home town.

A. J. SCHULTZ

Mr. A. J. Schultz of Alsans Co. is one of those quiet, unassuming, yet progressive business men of Gulfport who has consistently forged ahead in his business. He also puts his shoulder to the wheel of civic progress whenever concerted help is needed in furthering enterprises promoted for the general betterment of the community.

Mr. Schultz was never a man who was given to wishful thinking. His methods are those of direct action and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and a vigorous enthusiasm. Add to this the acknowledged business ability and his keen sense of values and it is easily understood why he is almost invariably successful in business or other matters.

We feel it is our duty to call the attention of our readers to these worthwhile characteristics of A. J. Schultz and to pay him a well-deserved tribute for his straightforward business methods and for the unselfish interest he has shown in public welfare.

JACK M. BARRETT

Because this is a period of growth and expansion for Gulfport, those progressive business men who had the foresight and ability to lay plans so as to take advantage of those conditions, are entitled to more than ordinary acclaim. We are glad therefore to pay tribute to Mr. Jack M. Barrett of the modern cleaners and laundry, for he is becoming a well-known figure in the business and civic life of the city.

Mr. Barrett's persistent optimism and steadfast belief in the continued future prosperity of the people of Gulfport and vicinity are characteristics which are deserving of our highest praise.

Jack Barrett, has also, always shown a willingness to do his part in civic advancement and has contributed his bit, in one form or another, to projects promoted for the welfare of his city. We believe that a businessman of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs and because he is willing to continue to the public good.

THAD R. BRUMFIELD

Recognized as one of the more progressive business men of Gulfport, Mr. Thad R. Brumfield of Brumfield's, performs a real service for the people of this city and his contributions of civic betterment are too well known to require repetition in these columns.

His success has been achieved, in a large measure, because he never misses an opportunity to further the service his company renders to the public. A policy which has and continues to build up good will for Brumfield's Dept. Store throughout this entire district.

Mr. Brumfield is deserving of praise and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Thad Brumfield on his splendid record and trust he shall continue to serve the people of Gulfport and vicinity.

RUSSELL WHIGHAM

A city grows and prospers by reason of the public spirited men and women who take an active interest in its development. Gulfport has its share of these progressive and civic-minded people and one who is deserving of recognition is Russell Whigham of the R. and W. Re-

dio and Television Service.

His business ability plus a thorough knowledge and long training in the radio and television repair and maintenance field, have been major factors in maintaining the R. and W. Radio and Television Service Co. in a prominent position in the business life of the city.

Mr. Whigham has always been ready and willing to contribute his time and energy to the promotion of any project which promises to benefit the community as a whole, and has often sacrificed his personal interests to be of assistance to the city.

We congratulate "Russ" Whigham on his past successes and predict that the future will bring him still greater success.

H. A. LADNER

One of the more progressive business men of Gulfport and a man who deserves the respect and good will of a great many of the residents of the city, is Mr. H. A. Ladner of Ladner Plumbing and Heating Service, whose wide knowledge and long experience in the business has raised him to a position of prominence in his life.

It is because of this that the Ladner Plumbing and Heating Service has earned a reputation for reliability—second to none.

Mr. Ladner is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit the city. And the people of Gulfport may regard with particular satisfaction the many services which he has performed for the community.

We urge our readers to look to H. A. Ladner as a progressive business man of whom we may well be proud. His devotion to his city has been consistent and his achievements well merited. And we wish for him further success.

H. O. HULSEY

The true value of a citizen is not gauged by his personal manner in which he shares that success by his contributions to the community in which he lives.

Mr. H. O. Hulsey of the B and H Refrigeration and Air Conditioning Service is one of those men who has given much towards the development of Gulfport and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole and accomplished much toward making his city a better place in which to live.

Mr. Hulsey's thorough knowledge of every phase of the refrigeration and air conditioning business has raised him to a position of leadership in his particular field of endeavor in his territory and gained for him recognition as one of the city's more progressive business men. We compliment H. O. Hulsey in this Gulfport review and wish to offer him this small evidence of public esteem.

E. S. ANDERSON

Since we are devoting space in this issue to calling our readers' attention to some of the people who have contributed a great deal toward making Gulfport the up-to-date and forward-looking town that it is, we want to tell you a little about Mr. E. S. Anderson of The Beach Cycle and Supply Co., who is a native of Bay St. Louis and belonged to several civic organizations including the Rotary Club. Mr. Anderson may still number many of his friends and business associates from that community.

Certainly Mr. Anderson is one of Gulfport's most progressive and far-sighted citizens. No community project has been too difficult for him to tackle and he has given to these civic activities the same intense and skillful effort that has caused him to be so successful in the physical and supply field.

One of his chief goals in life has been to see Gulfport grow into a truly progressive city and he has contributed more than his share toward the achievement of that goal. No one has done more for the reputation which Gulfport enjoys throughout the state.

F. E. WEBB, SR. F. E. WEBB, JR. AND MAE W. WEBB

Ability and progressiveness are both praiseworthy features in any chosen profession. Realizing this many Gulfport people as well as residents of this community regard Messrs. F. E. and F. E. Webb, Jr., and Mrs. Mae Webb of the Coast Brokerage and Investment Co., as true assets to Gulfport.

The Webbs are experts in the handling of investments. They have learned through the years just what are the safe and profitable places to put "idle" money.

They are untiring in their efforts to maintain the Coast Brokerage and Investment Co., as one of the leading businesses in Gulfport. They are well-known throughout this entire area and are capable and energetic.

What F. E. Webb, Jr. and Sr. and Mae Webb have accomplished in the past is an indication as to what may be expected of them in the future. They have our best wishes for continued success in their chosen profession.

HAL NELSON AND ELKIN "SPIDER" SARVE

Two people whom we recommend for your attention today are Messrs. Hal Nelson and Elkin "Spider" Sarve of "Spider's Beer Bar." They render courteous service and are well known throughout this entire area for the successful method in which they have operated their restaurant and cocktail lounge.

They have conducted themselves and their business in such a way that they have gained the admiration and friendship of all.

Their honesty and integrity have been demonstrated over and over again in their business contact and in their personal relationships.

They have a host of friends in Gulfport and vicinity who are certainly understanding when one considers the vigor and enthusiasm with which they attack the task.

When "Spider" and "Hal" become a part of any civic activity they are sincerely concerned with putting across a project which will benefit their fellow citizens.

R. O. BESSE AND JOSEPH HUBER

Gulfport owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center for this part of the state. In mentioning some of the people it is only fair to include Messrs. R. O. Besse and Joseph Huber of the Besse-Huber Jewelry Store, and whose outstanding knowledge of the jewelry business, backed up by their many years of experience, has brought them to the forefront of their particular field.

They deserve a great deal of credit for their success in both their business and civic activities. Their main interest has always been devoted to the welfare and building up a great Gulfport and they have contributed more than their share towards that end.

R. O. Besse and "Joe" Huber are wholly deserving of our sincere praise and these few words of commendation are but a just recognition for the many activities they have conducted on behalf of the general welfare of the community.

L. E. CUEVAS

A city grows and prospers by reason of public spirited men and women who take an active interest in its development. And Gulfport has its share of these progressive and civic-minded people, and one who is deserving of recognition is L. E. Cuevas of the L. E. Cuevas Tile Co.

ing of his likeable Mr. C. and P. Shop, from the port.

His wife, with a welding machine, has been maintaining the machine in good condition.

Mr. Cuevas is ready and willing to contribute his time and energy to the promotion of any project which promises to benefit the community as a whole, and has often sacrificed his personal interests to be of assistance to the city.

We congratulate "Russ" Whigham on his past successes and predict that the future will bring him still greater success.

HAL NELSON AND ELKIN "SPIDER" SARVE

Two people whom we recommend for your attention today are Messrs. Hal Nelson and Elkin "Spider" Sarve of "Spider's Beer Bar." They render courteous service and are well known throughout this entire area for the successful method in which they have operated their restaurant and cocktail lounge.
